

THE GRADUATE DEGREES THAT PAY

Competitive Paid MBA, MSBA, and MSAA Internships

INTERNSHIP GUIDELINES

- Interns are high-quality students currently enrolled in the UofL Full-Time MBA, Innovation MBA, MSBA, or the MSAA program.
- Interns function as conventional employees during normal work hours, subject to company standards for work performance, behavior and appearance. Students work on average 30 hours per week, but can flex with the demands and needs of the organization.
- Students understand the internship comes with no guarantee of subsequent full-time employment, and any negotiation for another position is the responsibility of the student and the company.
- College of Business representatives may visit the worksite to audit the intern's progress or for promotional purposes.
- Students understand failure to complete the internship due to dismissal by employer may result in loss of course credit or a failing grade for the internship.

INTERNSHIP HIGHLIGHTS

- Identify career options through an 11-month paid internship (competitive, not guaranteed, length may vary)
- Gain valuable professional experience in real-world business situations
- Graduate with marketable resume credentials
- Students have the option of procuring their own internship (subject to approval)
