

Manju K. Ahuja Biography

Manju Ahuja is the Frazier Family Professor of Information Systems at the College of Business, University of Louisville, Kentucky. She has previously held faculty positions at the Kelley School of Business (Indiana University), Florida State University, and Pennsylvania State University. Her publications have appeared in journals such as *MIS Quarterly*, *Management Science*, *Information Systems Research*, *Journal of MIS*, *Journal of AIS*, *Organization Science*, *Journal of Management*, *European Journal of Information Systems*, and many other outlets. Manju have been ranked among the top 50 researchers in the field of Information Systems worldwide by a variety of sources (e.g., Association of Information Systems ranking of 27th among the researchers publishing in top three journals for the period 2017-2019). She appears on the Stanford University's list of top 2% scientists in the world.

Manju serves as Senior Editor at *Information Systems Research*. She was a Senior Editor at the *MIS Quarterly* during 2014-2017 and the *Journal of AIS* during 2017-2019. In the past, she has served in other editorial roles at several premier journals including *Management Information Systems Quarterly* (Associate Editor, 2010-2013), *Information Systems Research* (Associate Editor, 2006-08), and *Management Science* (Guest Editor).

Manju is the recipient of a **Lifelong Service Award** from **Academy of Management's** OCIS division for 2020. She was Division Chair (2011-2012) and Program Chair for this division during 2009-2010. She is actively involved in research on issues related to impacts and use of IT, innovation and entrepreneurship related to IT, digital transformation, and Future of Work.

Manju has held visiting scholar appointments at premier institutions across the world, including HEC (Paris), University of New South Wales (Sydney, Australia), Bocconi University (Milan, Italy), National University of Singapore, University of California (Irvine), and the University of Hawaii at Manoa. She has received four **National Science Foundation** grants totaling over \$2,000,000 for her research on IT workforce issues. Her research has been cited by publications such as Wall Street Journal, New York Times, Forbes, Times of India, LSE (London School of Economics) Business Review, Strategy+Business, Computerworld, and others.

ACADEMIC EXPERIENCE

Tenured/Tenure Track

2019-current Frazier Family Professor of Information Systems, College of Business,
University of Louisville, Louisville, KY.
2012-2019 Professor and University Scholar, College of Business, *University of
Louisville, Louisville, KY.*
2010-2012 Professor, College of Business, *University of Louisville, Louisville, KY.*
2009-2010 Professor and Chair, Computer Information Systems, *College of Business,
University of Louisville, Louisville, KY.*
2007-2009 Associate Professor and Chair, Computer Information Systems, *College of
Business, University of Louisville, Louisville, KY.*
2001-2007 Assistant Professor, Information Systems, *Kelley School of Business,
Indiana University, Bloomington, IN.*
1996-2001 Assistant Professor, Information and Management Sciences, College of
Business, *Florida State University, Tallahassee, FL.*

Visiting Appointments

2017-2021 Visiting Professorial Scholar, *University of New South Wales, Sydney,
Australia.*
2014-2018 Visiting Scholar, The Center for Digital Transformation, *The Paul Merage
School of Business, University of California, Irvine, CA.*
Spring 2014 Schidler Scholar, *University of Hawaii at Manoa.*
Sum 2012 Visiting Scientist, School of Computing, *National University of Singapore.*
Sum 2008 Visiting Scholar, *Bocconi University, Milan, Italy*
1995-1996 Visiting Assistant Professor of MIS, Smeal College of Business
Administration, *Pennsylvania State University, State College, PA.*

- Sum 2002 Visiting Scientist, School of Computing, *National University of Singapore*.
 Fall 2005 Visiting Faculty, *Indian School of Business, Hyderabad, India*.
 1993-1994 Adjunct Instructor, Katz Graduate School of Business, *University of Pittsburgh, PA*.
 1990-1993 Graduate Research Assistant, *Katz Graduate School of Business, University of Pittsburgh, PA*.
 1987-1989 Adjunct Professor, *Raritan Valley Community College, NJ*.

EXTERNAL GRANTS

National Science Foundation (pending): \$2,999,782, Co-PI (with Dan Popa, Olfa Nasraoui, Paul DeMarco, and Tommy Roussel), Title: Collaborative Human-Robot Interfaces with Structural Electronics for Augmenting Physical Performance (C-Interface)

Summary: This inter-disciplinary grant proposal will fund graduate fellows and trainees, who will be educated in various aspects of Robotics, including the macro-ethical impacts of robotics, AI and machine learning. Trainees will explore how society will co-evolve with technology by connecting with social sciences to develop intelligent systems that are not only ‘smart,’ but also socially responsible, taking into account socio-economic, ethical and privacy impacts of these technologies. This cutting-edge program will engage eight academic departments, and three major research institutes including LARRI (The Louisville Automation and Robotics Research Institute), the Micro-Nano Technology Center, and the Kentucky Spinal Cord Injury Research Center. This project will initially create unique convergent training courses for the fellows, and subsequently offer them to our partner schools in Kentucky and nationwide.

National Science Foundation (2019-2022): \$1,000,000, Investigator, Title: ADVANCE: Adaptation: ATHENA: Advancement through Healthy Empowerment, Networking and Awareness at University of Louisville.

Summary: The University of Louisville ADVANCE Adaptation project called the Advancement through Healthy Empowerment, Networking, and Awareness (ATHENA) is aimed at creating structures for improving equity for STEM faculty. The project will lead to the creation of an ATHENA Center for STEM Equity which will enhance UofL's institutional capacity in STEM equity research and will help to sustain the ADVANCE Adaptation project strategies shown to be effective.

National Science Foundation (2009-2013): \$340,000, Co-PI (with Saonee Sarker and Suprateek Sarker), Title: Collaborative Research: Assessing Work-Life Balance of the Globally Distributed Software Development Workforce.

National Science Foundation (2009): \$19,945, PI, Title: Workshop: Organizational Communication and Information Systems (OCIS) Doctoral Student Consortium.

National Science Foundation (2003-2007): \$713,187, Co-PI (with Jean Robinson, Chris Ogan, and Susan Herring), Title: Toward Gender Equitable Outcomes in IT Higher Education: Beyond Computer Science.
